JACKSONVILLE, ILLINOIS, TUESDAY MORNING, MARCH 13, 1906

## A DIVISION OF OPINION OVER TILLMAN-GILLESPIE RESOLUTION.

### Spirited Debate Between Tillman, Lodge and Spooner—Business Transacted in House—Various Capital Notes.

Washington, March 12.—There was a sharp division of opinion in the senate to day over the question whether the Tillman-Gillespie resolution instructing the interstate commerce commission to inquire into railroad holdings of coal and oil lands is of a character justifying the president's message regarding it. Tillman complained that the president had charged congress with insincerity, pretense and ignorance, and Lodge and Spooner took the position that the charge of ignorance was warranted. The debate was spirited, but was interrupted at 2 o'clock when the railroad rate bill was called up, and Cullerton made a two hours' legal argument in which he supported a bill of his own which he has introduced as a substitute for the pending house bill. Tillman and Spooner announced they would discuss the resolution and message later and predicted that several others would do the same.

#### HOUSE.

The house devoted its attention to legislation for the District of Columbia to day, with the exception of making inquiry of the secretary of the treasury regarding fees for additional services in customs cases which may have been paid the United States district attorney for the southern district of New York. Four local bills were passed, two related and one re-committed. An effort to bring up the naturalization bill failed because of the lack of a quorum.

#### CAPITAL NOTES.

In the executive session of the senate to day the Isle of Pines treaty was called up, but objection was made to its consideration without a quorum of the senate being present and it went over. The board of church claims in the Philippines has made its report to the war department, with the possible view of its submission to congress. The board has considered 1,236 cases in which the Roman Catholic church in the Philippines claimed their churches and convents had suffered damages through their occupation by the troops of the United States for military purposes, and for which they asked damages to the extent of \$2,500,000. The amount awarded, however, is considerably less.

The United States supreme court to day issued an order advancing the cases of the Burlington railroad vs. various counties in Nebraska involving taxes levied against the road, and set the hearings for Oct. 9 next.

The senate committee on pensions to day voted to raise the pensions of Mexican war veterans from \$12 to \$20 a month, and that a favorable report will be made on Senator Gallinger's bill for that purpose.

## ANOTHER DISASTER

Paris, March 12.—An additional disaster following to day upon the terrible calamity that befell the workers in the coal mine at Courrières on Saturday, has cast its shadow over the stricken town. A party said to consist of seventeen rescuers lost their lives in an attempt to recover the bodies of the dead miners. They had descended in spite of the recognized danger and in the face of the engineers' warnings against making further efforts. A gang of Westphalian miners, who, it is believed, were sent to Courrières at the express desire of Emperor William, arrived to day with special salvage apparatus. Late in the day the Westphalian rescuers were authorized to descend. They recovered 200 bodies, which were brought to the surface.

#### MOROCCAN CONFERENCE.

Algiers, Spain, March 12.—Although representatives of neutral powers at the Moroccan conference feel assured that a solution of the difficulties will be found, it is considered probable that the deadlock will continue until the new French foreign minister, forwards to Mr. Revell further instructions. Meanwhile both Germany and France maintain their respective standpoints, awaiting the progress of events. One of the most prominent of the neutral delegates here expressed confidence in a successful issue, but did not indicate on what lines he expected the agreement to be made.

Berlin, March 12.—In accordance with a decision taken in October, Emperor William has just ordered the German fleet in China to return to Germany. A detachment of twenty-six officers and 700 men will remain to guard the embassy at Peking, a portion of the force being kept at Tientsin as required.

#### DEATHS.

Niobrara, Neb., March 12.—Judge Benjamin P. Perkins, a prominent pioneer of northeastern Nebraska, is dead, aged 71 years. He came to Nebraska in 1851 and held many offices, state and federal.

## LIBEL SUITS Brought Against New York Papers by District Attorney Jerome.

New York, March 12.—District Attorney Jerome to day brought two libel suits for \$100,000 each, one against the New York American and the other against the New York Evening Journal. The suits were filed in the supreme court and the complaint says they were based on editorials which appeared in the papers named on March 8th. The editorial in the Journal dealt with contributions which it is alleged had been made to Jerome's campaign fund during his recent contest for re-election as district attorney of New York county. The editorial in the American was a criticism of Jerome's alleged attitude in the case of a man named Tillman, who confessed to the jury irregularities in the interest, he claimed, of a local street railway company. Tillman is now serving a sentence on the strength of his confession.

#### VIOLENT DEATHS.

Chicago, March 12.—Six men met violent deaths in Chicago Sunday and one woman dropped dead in the street. Two men were overcome by gas, one man was killed by a locomotive, and in other accidents three men lost their lives.

Following is a list of the victims.

Michael J. Cushing, 67 years old, instantly killed at a grade crossing by a locomotive.

Mrs. Mary McGrath, 53 years old, dropped dead of heart disease.

Arthur Bigosinski, 24 years old, killed by fall from scaffold.

Harry Connors, 22 years old, found dead in bed with gas escaping.

Edward J. Hallemann, found dead in bed with gas escaping.

Edward P. Kelly, 25 years old, struck by motor car.

## DYNAMITE EXPLOSION

Duluth, Minn., March 12.—In an explosion of eight tons of dynamite at the works of the Great Northern Power company at Thomson, Minn., to night, seven men were injured, none fatally, and several scores of workmen had miscellaneous escapes from instant death. The power house, roundhouse and steamshovel were reduced to kindling wood and masses of twisted iron. At the time of the explosion there were over 200 men within 1,000 feet. Nearly all were thrown to the ground by the force of the concussion, but so far as can be learned to night nearly everybody is accounted for.

#### DOWIE DEPOSED.

Chicago, March 12.—Departures from the policy of John Alexander Dowie, which will be inaugurated in Zion City by the reform management, were outlined Sunday in Zion central tabernacle by the new deputy general overseer, Wilbur Glen Volviva.

As the vital feature in the reforms the Dowieites have decided definitely to separate church and state. Dr. Dowie will be permitted to be Bishop III and the first apostle to his heart's content, but not general overseer of the cash box.

Before 1,500 members of the church the new leader told his flock what he believes is the matter with the Dowie community. He spoke reverentially of Dowie as the divine founder of the church, but condemned the administrative abuses which flourished under his government. He left no doubt in the minds of his hearers that Dowie has been deposed permanently.

#### WOOD RESPONSIBLE.

Manila, March 12.—Major General Wood, who has arrived here, has announced that he assumes full responsibility for the fight against the Moros at Mount Dajo, near Jolo. He said there was no wanton destruction of women and children in the fight, though many of them were killed by force of necessity, because the Moros used them as shield in hand to hand fighting. Wood declared many of the women were made affire and their sex could not be distinguished. Many of the Moros followed death and butchered a number of hospital men who were relieving the wounded.

#### "UNION" BURIAL GROUND.

Chicago, March 12.—It will soon be possible in Chicago for union men to die and be buried under "absolutely union" conditions. The last chapter in the union book of life is a "union" cemetery.

Under an impulse given by the joint cigarmakers' unions of the city the movement has taken practical shape, and within a month or two a plot of ground—large enough for 5,000 graves will have been acquired. The burying ground will be reserved strictly for unionists. No other person may be buried there. The cigarmakers' have appropriated \$16,000 from their treasury to carry out the scheme.

#### WILL RESIGN PRESIDENCY.

New York, March 12.—The Tribune says that General Rafael Reyes, president of Colombia, will resign because of serious illness. He will be succeeded by Cincero Calderon, minister of foreign affairs.

Berlin, March 12.—A bomb factory was discovered here to day at the residence of a lawyer named Puchs, a Jew.

## DALRYMPLE'S REPORT PUBLIC ADVISES AGAINST MUNICIPAL OPERATION

### What Man Who Was Brought From Scotland by Mayor Dunne Has to Say—Decision Affecting Chicago Traction.

Chicago, March 12.—The report of James Dalrymple, manager of the street car companies of Glasgow, Scotland, which are operated under the direction of the municipality, upon the local transportation of Chicago has at last been made public. Dalrymple visited Chicago immediately after the election of Mayor Dunne upon a municipal ownership platform last spring, to examine into the condition of the street railways of this city and report upon the advisability and best method of operating them under municipal ownership. Dunne refused to make the report public after he had received it, but the council received a copy from the city clerk at Glasgow and gave it out for publication.

The report is in effect against municipal operation of the street car companies in Chicago unless it has become impossible to reach an agreement with the companies now operating lines in the city streets. He criticizes the present service and equipment, declaring the latter should be relegated to the scrap pile. The report alludes to the litigation in progress between the city and the companies, which was settled to day by the decision of the United States supreme court, and says: "Presuming you are able to a satisfactory figure to purchase the present franchises, there would undoubtedly be very grave danger in your city attempting to operate what would be the largest street railway undertaking in the world without making a very radical change in the methods usually employed in carrying on municipal work by cities of the United States."

The writer suggests that efforts be made to come to terms with the companies now operating lines in the city and suggests that "if that is not possible there is only one thing to do, which is to start a new line as soon as the franchises under which the companies are now operating expire. The report concludes:

"I should be very sorry indeed, if you were forced to take such a step as starting new lines when the franchises of the present companies expire because, speaking generally, I should say from my knowledge and experience of what it means to operate a municipal street railway system, that municipalities of the United States are not yet quite ready successfully undertake this work."

Dalrymple strongly recommends the overhead trolley for motive power, saying that to "install the underground trolley to any extent would, for various reasons, be a scandalous waste of money."

The decision leaves the Union Traction company in the west without rights except where ordinances contain a purchased clause; leaves the same company without any right whatever other than by franchise, in the streets of the north division; leaves the Chicago City railway, which operates on the south side, without right excepting where ordinances contain a purchase clause. The original ordinances granted rights to the companies for 99 years inside the city limits as they existed in 1857. The companies extended their tracks to the boundaries as the city has enlarged and claimed the 99 year act went with these extensions. The court holds the 99 year act extended only the charter life of the companies without extending their ordinances.

Chicago, March 12.—The effect of to day's decision in the United States supreme court in the Chicago Street railway case is to give the city almost complete control of the local traction situation. Ordinances of the city limiting the use of the streets by the companies are upheld and the rights of the companies in the streets are held to expire according to the expressed terms of the ordinances. It also says that the companies had the exclusive right to the streets for ninety-nine years. According to Mayor Dunne's interpretation of the decision there are no ninety-nine year franchises in Chicago and no indefinite or perpetual grants in existing territory.

#### KILLED IN FIGHT.

Warsaw, Russian-Poland, March 12.—Five persons were killed and fifteen injured in a fight yesterday at Strykoff, government of Plotzkoff, between Catholics and sectarians who occupied in force a Catholic church. Knives, sticks and hatchets were used.

#### SENTENCED TO DEATH.

Athens, March 12.—Costa Goralakis was to day sentenced to death for the assassination of Premier Deliyannis, June 13, 1905, and Mitsas, proprietor of a gambling house and instigator of the assassination, was condemned to eight years' penal servitude.

#### GUILTY OF MANSLAUGHTER.

Madison, S. D., March 12.—Ida Lapine has been convicted of manslaughter in the first degree for shooting and killing her husband, Joseph Lapine, Feb. 8.

## MISS ANTHONY DEAD Noted Woman Passed Away After Long and Eventful Life.

Rochester, N. Y., March 12.—The long and eventful life of Susan B. Anthony closed at 12:45 o'clock this (Tuesday) morning. The end came peacefully. Miss Anthony had been unconscious practically for twenty-four hours, and her death had been momentarily expected since Sunday night. Only her wonderful constitution kept her alive. Dr. Rickor, her attending physician, said Miss Anthony died of heart failure induced by double pneumonia. She had had serious valvular heart trouble for the last six or seven years. Her lungs were practically clear and the pneumonia had yielded to treatment, but the weakness of her heart prevented her recovery.

Miss Anthony was taken ill while on her way home from the national suffrage convention in Baltimore. She stopped in New York, where a banquet was to be given Feb. 20 in honor of her eighty-sixth birthday, but she had an attack of neuralgia on the 18th and hastened home. Pneumonia developed after her arrival here, and on March 5th both lungs became affected. Last week she seemed to improve and her friends hoped she was out of danger. Then came an attack of heart failure Sunday afternoon, following which she sank into unconsciousness. From that time on almost the only sign of life manifested was a feeble pulse beat and the labored breathing.

Miss Anthony lived to see a decided change in sentiment from the time in the winter of 1861, when she was hipped and hoisted when she attempted to give a lecture on abolition, last lecture tour which started in Buffalo, was a series of riots, but Miss Anthony never flinched. The insults heaped upon her culminated in Syracuse, where she was caged and burned in effigy. Her life for the past few years has been in strong contrast to these stormy times. She lived with her sister, Miss Mary Anthony.

## EVIDENCE ALL IN

### Arguments have Commenced in Case Against Packers.

Chicago, March 12.—The final evidence was submitted and arguments commenced in the packers' case late to day. Several witnesses were introduced by the packers and refuted certain statements made on the stand by special agents for the government, and Mr. Durand was then called by the government to explain certain matters in his previous testimony. As soon as his evidence was finished Attorney Miller, representing Armour & Co., made a motion that Judge Humphrey direct a verdict in favor of the packers. A cross motion was at once offered by District Attorney Morrison that the evidence be excluded and a verdict directed in favor of the government. Arguments were immediately begun and will probably last several days.

## CABINET SHIFTING

Washington, March 12.—The personal desires and arrangements of some other members of the cabinet will make necessary some shifting about in the president's cabinet in the event Secretary Taft decides to accept the proffered place on the supreme bench to succeed Justice Brandeis, and the name of George V. L. Meyer of Massachusetts, at present ambassador to Russia, has been favorably considered with the prospect that he will fill the first vacancy. But it can be stated positively that the president himself has not yet settled just what those changes shall be.

Taft is going to New York Wednesday on business and it is expected his decision will be reached and announced from the white house Thursday or Friday.

#### RAILROAD CHARTERED.

Guthrie, Okla., March 12.—The Colorado, Texas & Mexico Railroad company, capitalized at \$75,000,000, was chartered to day to build a line from Cheyenne, Wyo., through Wyoming, South Dakota, Colorado, Nebraska, Kansas and Oklahoma to Corpus Christi, Texas, with branch lines into Mexico. The estimated length of the road is 2,500 miles.

#### FOOTBALL COACH MARRIED.

Nashville, Tenn., March 12.—The marriage of Miss Eunice Pitt and Fielding H. East, coach of the University of Michigan football team, took place here to night. Among the presents was a silver service from the University of Michigan football squad.

WOMAN FATALITY SHOOTING HUSBAND. Noblesville, Ind., March 12.—Mrs. Fred Lutz rushed into the sheriff's office of Hamilton county yesterday, and cried out: "Fred has nearly killed me, and I believe I have killed him."

The sheriff inquired, "Why, what is the trouble?" She related how Fred had come home at an early hour this morning drunk; how he had beaten and mistreated her, tearing her clothes and injuring her in various ways, until, maddened beyond control, she took his pistol and fired at him five times, nearly all the shots taking effect. The sheriff went to the house and found Lutz unconscious, and had him removed to the hospital, where he is thought to be dying.

## ARE BATTLING WITH OUTLAWS SIX DEPUTIES ATTACKED BY INDIANS

### One Killed, but Others Are Fighting for Lives—Armed Officers Hurrying to Scene of Ambush.

Vinita, I. T., March 12.—I. L. Gilstrap, deputy United States marshal, of Vinita, was killed and Dick Terry, posseman, of Tahlequah, was badly wounded in a bloody battle with the Wicketts, band of Cherokee Indian outlaws in the Spavinaw hills, nine miles northwest of Kansas, I. T., yesterday afternoon. After the battle the outlaws were besieged in the house of their uncle, Jim Wicketts, at the scene of the crime, thirty-one miles from Vinita. There is no telephone or telegraphic communication with the battlefield, and to night no news has been received from the large party of deputies who went to the Spavinaw hills to capture or kill the outlaws.

The Wicketts killed Deputy Marshal Terry about a year and a half ago and the officers have been on their trail ever since. The posse of six officers who were on their way to arrest the gang were fired upon from ambush by the Indians, who shot and killed three of their pursuers and escaped unhurt. Folsom Mann, a posseman who survived the attack of the outlaws, walked twenty-eight miles to Tahlequah and told the story of the battle which was telegraphed to United States Marshal Darrough of this place. Thirty-five deputy marshals were immediately sworn in and dispatched to the scene of battle and authority has been granted to Darrough by the department of justice in Washington to increase the number of one hundred.

The posse cannot reach the scene before late to day, however, and because of the bitterly cold weather and mountainous country may not be able to organize their force for attack before to-morrow.

Deputy Gilstrap, with Ole Tuttle, Dick Terry, Pleck Mann, Thomas Wafford and Andy Dick, possemen, Sunday afternoon rode up to the home of Jim Wicketts, uncle of the Wicketts boys, and were intending to search the place, when the outlaws concealed in the house fired upon them. At the first volley Gilstrap was killed and at the next volley all the horses were killed. The survivors of Gilstrap's party fired into the house, but the fire from the outlaws was so sharp that they soon sought shelter behind trees. The three survivors decided to send Pleck Mann to Tahlequah for assistance while the other men would shadow the house and thus prevent the escape of the Wicketts news. At 6:30 this evening no additional news had been received from the besiegers.

#### LARGE POSSE IN PURSUIT.

One hundred armed men have gone into the Cherokee country in pursuit of the Wicketts band of Indian outlaws, who on Sunday afternoon, thirty-one miles northwest of Vinita, ambushed a United States marshal's posse of six men, killing one and wounding another. The dead man is Deputy Sheriff I. L. Gilstrap and the wounded man is Dick Terry, a posseman, shot through the body, not fatally.

#### STORY OF BATTLE.

Bob Thompson arrived here at 11 p. m. from the scene of the fight with the body of Deputy Gilstrap. Thompson says the posse, after trailing the Wicketts all day with blood hounds, came upon them Sunday afternoon. The Indians, eleven in number, took refuge in a ravine and opened fire. The deputies threw themselves upon the ground and a hot fight began which lasted an hour. Deputy Gilstrap was shot through the head at the first exchange of shots. The deputies were driven gradually back to the head of the ravine, where they formed a breastwork and the Indians, despairing of reaching them, withdrew.

According to a report received here full blooded Indians are going to the support of the Wicketts, who are Cherokee Indians. The ambush laid by the Wicketts for the deputies Sunday night was cleverly planned. The officers were led into it unsuspectingly and were fired upon without warning. The deputies fought desperately and for a time escape for any of them seemed impossible.

NEGRO ACCUSED OF POISONING. Shreveport, La., March 12.—Information reached Shreveport last night from Linden, Texas, that the negro population was aroused and that threats of lynching were being made because of a wholesale poisoning alleged against "Dunk Morley." Two of his children are dead, his wife and another child are in a critical condition, with practically no chance of recovery, and Morley is a prisoner. Officers are searching for the woman whom Morley is alleged to have contemplated marrying, and another negro, who are alleged to have conspired with Morley.

#### FIRE LOSSES.

Neosho, Mo., March 12.—Fire to day destroyed the buildings and stocks of the Rath-Hill Mercantile company, the Keller Bros' grocery company and the Briggs Center Hardware company. The loss is \$100,000.

## RAILROAD NEWS NOTES Weeks Sunday on Alton and Wabash—Concord Branch Utilized by Latter Road—Change of Time on C. P. & St. L.

A westbound freight on the Wabash, in charge of Conductor Kiezer, was wrecked a mile east of Chapin Sunday evening at 7:15 o'clock. A car which was loaded with the track, with the result that several cars were damaged considerably. The cause of the car jumping the track is thought to have been a broken flange on one of the wheels. No one was injured. The passenger train due to arrive in this city from the west at 8:31 was sent from Chapin to Concord and from Concord to this city over the Burlington tracks, arriving at 12:55. The train from the east at 7:51 was also sent over the Burlington tracks from here to Chapin.

As second 32 on the Alton and engine 211, in charge of Engineer Bryant and Conductor Stanton, was backing in on the siding at Tallula to get in the clear for the Golden State Limited Sunday morning, the switch points not being tightly closed, on account of the snow, derailed the engine and five cars. Two cars were so badly derailed that the contents had to be transferred. The Golden State Limited was several hours late and had just passed this station when the accident happened. It was stopped at Springfield and sent back here, arriving about noon. It was then sent to Springfield over the Wabash and from Springfield it took the main line of the Alton to Joliet. With this further delay, added to their delay into this station, it was late in the evening when the train reached its destination.

The C. P. & St. L. have posted notices in all their passenger cars that an important change of time in their schedule will take place Sunday, March 13th. It is not known just what changes will be made, but it is thought that the greatest ones will be on the main line, while the trains on this branch will be changed only a few minutes.

The engine drawing the local freight on the C. P. & St. L. broke down at Bath Monday. The train due to arrive at 9:15 a. m., but did not get in until about 7 o'clock in the evening.

Woods & Young shipped a few loads of horses to St. Louis Monday over the Alton.

#### USED FOR THE FIRST TIME.

Mr. Cragan, of Petersburg, was brought to our Savior's hospital Monday and the new Red Cross ambulance of Woods & Young was used for the first time for the conveyance of the sick. As it is capable of being heated the patient experiences little change of temperature in being taken from the car to the hospital. An ambulance of this character is certainly a great boon for the city and a great benefit for the sick who have to be moved in unseasonable weather.

#### For Cold in Chest.

Chop raw onions up rather fine, add an equal quantity of corn or rye meal and a small quantity of water, and let it all steam a few minutes. Thin with vinegar and cook about five minutes longer. Apply it as a poultice or compress it as hot as it can be borne. In the morning rub the chest well with alcohol or camphor and then olive oil or, better still, goose oil, and put a flannel cloth over to protect the clothing.

#### Repairing Towels.

Towels with damask and drawn work borders often become worn in the center while the ends are still handsome. Cut them off a short distance above the border and sew together on the sewing machine, double stitching on the right side of seams afterward. A pretty cover for tray or small stand can be made in this way.

#### Marks on Polished Tables.

For removing marks from polished trays or tables occasioned by heated dishes make a thin paste from salad oil and salt. Spread it over the marked place and leave for an hour or more, and then rub off with a soft cloth. The result will be a complete disappearance of the spot.

#### Rice Water.

Put two tablespoonfuls of rice into a double boiler with four cups of boiling water and cook two hours. Strain it and add salt to season. If the invalid is allowed to have sugar add just a pinch.

#### Tar Remover.

Kerosene will remove tar from hands or clothing. This applies to stovepipe enamel as well.

## MINE WORKERS' PROPOSITION REJECTED BY ANTHRACITE OPERATORS.

### Declare They Can Pay No More—Make Counter Proposal—Miners Preparing Reply to be Submitted to Operators.

New York, March 12.—The proposition of the United Mine Workers of America for a readjustment of wages and conditions in the anthracite coal fields as a whole, have been denied by the committee representing the anthracite operators. As a counter proposition the operators suggest that awards made by the anthracite coal strike commission principle upon which they were established by the commission, and the methods established for carrying out their findings and awards be continued for a further term of three years from the first day of April, 1906. The present agreement terminates March 31, this year.

#### LEWIS MISQUOTE.

Indianapolis, Ind., March 12.—When asked concerning his reported corroboration of the statement to the effect that there would be no strike, which was issued recently from Indianapolis by Vice President Lewis, President Mitchell said to night he had been misquoted.

He refused to affirm that President Roosevelt had taken any step of bringing about an amicable arrangement between the operators and miners. What seems to be an indication that the miners and operators have not given up the hope of reaching an agreement is the fact that preparations for another joint conference are proceeding. The convention of the mine workers will open March 15th and four days later the operators will assemble for a joint conference. A special meeting of the anthracite scale committee has been called for the latter part of this week. This is taken to indicate that the eastern and western situation will be considered simultaneously.

#### MINERS DISAPPOINTED.

Sheridan, Pa., March 12.—District President Nichols, of the United Mine Workers, was in his office to day, but could not be induced to talk for publication on the operators' refusal to grant any of the anthracite miners' demands. It was learned, however, on the best authority, that Nichols, in common with all miners' officers, was very much surprised and disappointed that the operators did not make some concessions. The miners, according to best reports, are not concerning themselves as much as might be expected under the circumstances, as to the outcome of the present situation.

"We don't want a strike," said one of them to day, "but if a strike must come, we won't lose much, for there won't be anything like steady work this summer, anyhow, because of the coal stocked by the companies and by retailers and consumers in expectation of a strike."

Hope is expressed here that when the full committee of the operators and miners come together as is provided for in their plan of negotiations, something will happen to avert trouble.

#### HEAVILY WILL BE SENT.

New York, March 12.—The announcement that a reply will be sent as soon as possible by the anthracite miners' committee to the committee representing the operators was made to day. The announcement was received through a letter written by President Mitchell, stating that this reply will be in answer to the statement which the operators made to day concerning their attitude upon the original demands of the miners' committee. The letter was sent to George F. Baer, chairman of the operators' committee.

#### BILLIARD TOURNAMENT.

Chicago, March 12.—The sixth annual tournament, class "A," National Association of Amateur billiard players, opened to night with a game between Edward V. Gardner, of Casselle, N. J., and Harry A. Wright, of San Francisco. Gardner won by a score of 90 to 24. It took forty-five minutes for Gardner to run out the 90 points, making his average 62.4.

#### SENATOR DEPEW'S ILLNESS.

New York, March 12.—The reported illness of Senator Depew, who has not been in his seat in the senate at Washington for the past two weeks, is causing some concern among his friends in this city. The rumor that his condition is serious was absolutely denied here to night by relatives.

#### DOUGHERTY'S ESTATE.

Peoria, March 12.—The property of the N. C. Dougherty estate, face value of \$300,000, was to day turned over to the school board. Mrs. Dougherty still retains a dower interest in the real estate, which is valued at \$127,000, but it is expected she will waive the interest within a few days.

#### TRAIN DERAILLED.

Sault Ste Marie, Ont., March 12.—Train No. 7, westbound, on the Canadian Pacific railroad, was derailed late to day near Nairn station. Railroad officials report on passenger killed and eighteen injured.

## Undigested Food

When any portion of food remains in the stomach and refuses to digest, it causes the formation of indigestion. This undigested food rapidly ferments, irritating the sensitive coating of the stomach, while other parts of the body, particularly the head, suffer in consequence.

So long as this undigested food remains in the stomach, the discomfort continues. A few doses of

## BEECHAM'S PILLS

For all fermentation, sweeten the contents of the stomach and give natural assistance that relieves the stomach of its burden. The use of Beecham's Pills gradually strengthens the stomach nerves and soon restores them to a normal, healthy condition.

Beecham's Pills positively cure all stomach troubles, while their beneficial effects on the liver and kidneys greatly improve the general health.

Beecham's Pills have been used and recommended by the general public for over fifty years.

Sold Everywhere in Boxes.

10c and 25c.

# TOOLS

The name Keen Kutter eliminates all uncertainty in tool buying. As this brand covers a complete line of tools, all you need remember in buying a tool of any kind is the name Keen Kutter. Keen Kutter Tools are without reserve or qualification the best tools that money, brains and skill can produce. No matter how much you pay, no matter who you may have thought to be the best maker of a particular kind of tool, you cannot get any tool, anywhere, better than those sold under the name of Keen Kutter. If your dealer doesn't keep Keen Kutter tools write us and we will see that you are supplied.

## KEEN KUTTER

Tools received the Grand Prize at the St. Louis Exposition—the only tool that ever won a complete line of tools.

Some kinds of Keen Kutter Tools

Axes, Hammers, Hatchets, Chisels, Screw Drivers, Auger Bits, Files, Planes, Draw Knives, Saws, Scythes, Tinners' Snips, Slaters' Saws, etc., and knives of all kinds.

"The Recollection of Quality Remains Long After the Price is Forgotten."

Trade Mark Registered.

SIMMONS HARDWARE COMPANY

St. Louis, U.S.A., 298 Broadway, N. Y.

## THE "DODGING PERIOD"

of a woman's life, is the name often given to the "change of life." Your menses come at long intervals, and grow scantier until they stop. Some women stop suddenly. The entire change lasts three or four years, and it is the cause of much pain and discomfort, which can, however, be cured, by taking

## WINE OF CARDUI

### Woman's Relief

It quickly relieves the pain, nervousness, irritability, miserableness, forgetfulness, fainting, dizziness, hot and cold flashes, weakness, tired feeling, etc. Cardui will bring you safely through this "dodging period," and build up your strength for the rest of your life. At all druggists in \$1.00 bottles. Try it.

#### WRITE US A LETTER

freely and frankly, telling us all your troubles. We will send Free Advice (in plain, sealed envelope). Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

#### "EVERYTHING BUT DEATH"

I suffered," writes Virginia Robson, of Easton, Md., "until I took Cardui, which cured me so quickly it surprised my doctor, who didn't know I was taking it."

## SORES-ULCERS THE BLOOD-DISEASED -SYSTEM DISORDERED

When a Sore or Ulcer is slow in healing it is the best evidence of a diseased condition of the blood and a disordered system. They show that the bodily impurities, which should pass off through the natural channels of nature, are being retained in the system from some cause. The blood absorbing the waste matters becomes steeped in poison which finds an outlet through the Sore or Ulcer, keeping it inflamed, painful and festering. As the blood constantly discharges its poison into these places, they eat deeper into the surrounding flesh and tissues, growing larger and more offensive in spite of all the sufferer can do, until the entire health is affected. Washes, salves, powders and such treatment are desirable for the reason that they are cleansing and also help to relieve the pain, but they are in no way curative. The blood is filled with poison, and until it is removed the sore cannot heal. S. S. S. is the only cure for these evidences of impure blood. It goes down to the root of the trouble and cleanses the circulation of all poisons and impurities. S. S. S. enriches the blood and reinvigorates the different members of the body so that the impurities and waste matters can pass off as nature intended. Then the discharge ceases, the sore scabs over, new flesh is formed, and the place heals permanently. ok on Sores and Ulcers and any medical advice you need without charge

THE SWIFT SPECIFIC CO., ATLANTA, GA.

## SERVICES AT TABERNACLE

SUNDAY FILLED WITH DEEP INTEREST—DR. CULPEPPER TELLS.

But Will be Able to Preach Great Temperance Sermon To Night—Monday Evening Service.

Many Business Houses Will Close Part of Afternoon.

Sunday was a very successful day in the progress of the union revival meetings. Sunday morning the regular church services were held. In the afternoon there was an immense throng at the tabernacle and the same was true again at night. In the afternoon Dr. Culpepper had intended to give a temperance lecture but was prevented from attendance even, on account of severe illness. In his place Dr. Conoley preached a sermon, his theme being "If a Man Die, Shall He Live Again?" Dr. Conoley was at his best and the sermon was one of great spiritual power and fervor. At the close of the sermon there were twenty or more who asked for prayer and hundreds went forward to grasp the eloquent evangelist's hand.

### SUNDAY NIGHT.

The tabernacle was again filled to overflowing Sunday night. The service of song included a solo "Face to Face," beautifully sung by Miss Mary Huntley. The sermon was by Rev. O. B. Culpepper, who took for the text of an earnest, forceful discourse the words found in the ninth and twenty-first verses of Timothy, 4:2: "Do thy diligence to come shortly; do thy diligence to come before winter."

"Life has its spring and later the other seasons. I believe that the spring time of life is the right time to begin the Christian life. I love to see the young men and little fellows coming to the altar, because they have so much future to give to the work of God. It is good for old men to turn from evil, but the spring time of life is the right time to begin working for the Lord and Master. In a recent some years ago a wealthy old man was converted and there was great rejoicing. At the same altar was a small boy who had little attention paid to him. Within a few weeks the old man went to his final reward. That boy was Robert Stewart, who during a long and useful life led thousands to Christ."

"Life is a great journey and I come to you with the message God ready to meet your God. Do thy diligence to come before the winter. As the days of one's life pass there come conflicting claims. Society comes and when one gets into the meshes of modern society there seems to be no hope for him. After society there come the demands of business. There would be so much less trouble with the young men of our land if they could only start right as boys. Then there is the winter of a lifeless conscience. When a man's conscience is seared then he is on a dangerous ground. You stand and choke your conscience even when it prompts to turn from evil to right-doing. Oh give way to your conscience and if it prompts you to come to this altar give heed and come. Then beware of the winter of God's withdrawal. A man can stand affliction and privation, but the saddest thing of all is when God withdraws from him. Years ago I was in poor health and the doctors said I could not live. But I did recover and am well to day. At that time I was ready to die if I could feel that my death was God's doing. All that I want to know is that what happens to me comes from God. I want to know that God has not withdrawn from me, I have seen old men that have fought God so long that He has withdrawn his precious holy spirit. They stand like old blasted trees a feeling neither storm nor sunshine."

"Then there is the winter of polluted apathy; the time when the mind becomes hardened and indifferent. Beware and do not harden your hearts and turn in coldness away from appeals which might touch you. Then there is the winter of falling health and death. There are men who fight off duty all their lives and finally succumb. Then there is the winter of remorse. If you live a life of wickedness your sins will stand before you as your accusers when the final hour of your life comes. I plead with you to so live that when the end comes you will have no unforgiven sins to remember."

After the sermon Dr. Conoley made a plea for the turning from sin to right living. "You stand face to face with this thought, that when God sent His Son to the world He did His best for us. When Christ died on the cross He did His best for us. When the holy spirit touches memory and fear and conscience and intellect the spirit has done its best. The earnest, enthusiastic minister has done his best and now I want to ask you if you are willing to do your best. If you some day wake up in hell whosever it may be you will have the consciousness that you only are to blame. You will be obliged to say that the Holy Spirit put promptings into my heart, but I put them out. God and the church, these ministers and we evangelists are doing all we can to help and I urge you to be wise and yield."

The workers were active for the few minutes following and while inspiring songs were sung about twenty gathered at the front for prayer. Dr. Wilder explained what was needed for conversion and Dr. Conoley offered one of the earnest, feeling prayers that fall so readily from his lips. The benediction came a little later.

### MONDAY NIGHT SERVICE.

Another large audience filled the tabernacle Monday evening. After several rousing songs by the chorists the opening service was concluded and in this contemplation it may be proper to state that the chorus is an unusually strong one, well drilled and well led and their melody of song is an inspiring part of the service. Rev. R. E. Cressey asked the invocation with an earnest appeal to the Father of Mercies.

Dr. Conoley announced that the condition of Dr. Culpepper was greatly improved and that he would be able to be present to night and deliver his great temperance lecture. Announcement was made that a large number of business houses would be closed this afternoon between the hours of 1 and 3 p. m. and that in anticipation of the crowds at both the afternoon and evening meetings to day arrangements had been made to have Grace M. E. church open for the purpose of overflow meetings. Rev. R. E. Cressey and Dr. A. B. Morley made the appeal for the offering.

Dr. Conoley was the preacher Monday night and prefaced his remarks by saying that he did not intend to preach but would simply talk to those present. He wanted the meeting to be a heart to heart talk. He wanted to see surrender made on the part of souls present.

"You have been preached to enough. Appeal after appeal has been made to you. It is time for you to yield and give yourself to God. You ought to surrender to night for your own account, and then you ought to surrender on account of your influence with others. There is not a man or a woman listening to me to night but who touches some other man or woman at some angle. You are either helping someone to come closer to God or you are driving them farther away from God."

"There are parents here to night that owe it to their children to surrender; there are children here that owe it to their parents to surrender, and there are husbands present to night that owe it to their wives to surrender."

"Again you ought to surrender because it is your only hope. If you do not know Jesus Christ in life you have not a single hope that can leap the grave."

"There is not a man or woman outside of God that can take hold of the eternal issues. Money, no matter how great the pile, will not buy an ounce of hope beyond the grave."

The speaker told graphically of the baptism of U. S. Grant by Bishop Newman and when he was at McGregor he declared to his clergyman friend that he wished he might live to become a great soldier of the cross as he had been a soldier of the republic. He cited the death bed scene of Cornelius Vanderbilt, who after saving away all his millions turned to his wife and asked her to sing the battle hymn of the church.

He told of a famous ship builder that had built ships that had sailed all the seas but who finally had to get aboard the ship of Zion, to carry him safely beyond the borders of the grave. Continuing the speaker said: "So my friends I appeal to you by the tender, persuasive spirit of God, by the great good God we all love to allow your hearts to be melted to night. Do it to night I beg of you, do it to night, give yourself to Jesus Christ. Do it for that old mother who has prayed for you since the time you knelt by her side and repeated 'Now I Lay Me Down to Sleep I Pray the Lord My Soul to Keep.' Do it for that gray-haired father who has loved and helped you. In the name of your mother in heaven in the name of your father in glory in the name of the loved ones in glory whom you hope to meet, give yourself to Jesus to night."

Rev. O. B. Culpepper extended the invitation and many who had been moved by the stirring words of Dr. Conoley came forward to the altar seats and declared their intentions of becoming Christians and followers of Jesus Christ.

### GREAT PROPOSITION.

In Choice Morgan County Land

The Jerry Cox farm, seven miles southeast of Jacksonville, one and a half miles from Pisgah three miles from Arnold and Orleans. 640 acres; 600 acres perfectly level; all but 120 acres in grass for over forty years. Will be divided into tracts to suit purchasers. Possession to be given at once. The owner is here and determined to sell. A rare opportunity for choice land. Call at real estate office of F. H. Hairgrove, over Dunlap, Hissel & Co.'s bank.

### CITY CLERKS AND ATTORNEYS.

At the meeting of city clerks and city attorneys held recently in Bloomington for discussion of the new primary law, a committee of seven was appointed to communicate with city clerks and attorneys with a view to making the organization permanent. The efforts of the committee met with success, and at a meeting in Springfield Saturday, it was decided to call a general meeting for permanent organization in Peoria March 24. W. M. Morrissey, of this city, attended the committee meeting.

## CHEAPER FARM LAND

Southwest Offers Best Opportunities For Securing Homes.

Many farmers of the northern and eastern states are selling their high priced lands and locating in the southwest. Many who have been unable to own their homes in the older country are buying land in the new country.

Unusual opportunities exist along the line of the Missouri Pacific-Iron Mountain Route. The rich, alluvial, delta lands and river bottom lands of southeast Missouri, Eastern Arkansas, Louisiana and Texas, capable of producing sixty bushels of corn, a bale of cotton, four to six tons of alfalfa, 150 bushels of potatoes, and other grains, vegetables and hay crops, can be bought for \$7.50 to \$15.00 per acre. When cleared and slightly improved will rent for \$4.00 to \$6.00 per acre cash.

Uplands more rolling, lighter soil, adapted to fruit growing—peaches, pears, plums, grapes, berries—also melons, tomatoes and other vegetables, can be bought for \$5.00 to \$10.00 per acre in unimproved state. Many places with small clearings and some improvements can be bought very cheap.

This is a fine stock country, no long winter feeding. Free range, pure water, mild climate. A healthy growing country, with a great future.

Write for map and descriptive literature on Missouri, Arkansas, Texas, Louisiana, Kansas or Indian Territory. Very cheap rates on first and third Tuesdays of each month.

Address, Ellis Farnsworth, D. P. A., Chicago, Ill., or H. C. Townsend, G. P. & T. A., St. Louis, Mo.

### REAL ESTATE TRANSFERS.

W. M. Bradley to George W. Bradley, lot 29, Batty Bros. & Boynton's addition, Waverly; \$2,000.

J. Pierson to G. W. Casson, part no. sw. 38-14-10; \$325.

M. Floberg to J. Floberg, Jr., part lot 2, block 37, city addition; \$300.

John K. Weiler, by administrator, to John N. Vasconcellos, part lot 2, Melindy's addition; \$135.

### SAVE YOUR HEALTH

It Is Worth Saving and Some Jacksonville People Know This.

There are some people who take their lives in their hands by continuing to neglect their kidneys, when they know these organs need help.

Sick kidneys are responsible for an immense amount of suffering and ill health, but there is no need to suffer or to remain in danger when all diseases and sufferings arising from sick kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills.

Here is the statement of one Jacksonville person who has reclaimed good health by the use of this remedy:

A. H. Coffman, of West Morgan street, dealer in second hand furniture and stoves, says: "Across my loins just over those organs there was a heavy aching pain. I could not rest long, either sitting or lying, and in the morning I always felt more tired and depressed than when I went to bed. The pains became more persistent and the kidney secretions were highly colored and irregular. In fact, my general health was run down. I tried different medicines, but remained the same. Seeing Doan's Kidney Pills highly recommended, I got a box at Dr. H. Lee Hatch's drug store and used them. They worked like a charm, giving a healthy and natural action to the kidneys and relieved my back of distressing aches and pains."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no other.

### CONSERVATORY HALL.

## WILL FILED.

The last will and testament of Mrs. Anna Elliott has been filed for probate. The instrument directs that all personal effects of testatrix pass to her daughter, Mrs. Anna Ramsey Divine, to be her absolute estate and to take immediate possession of same upon death of testatrix.

The will further directs that all remainder of property, real, personal and mixed, be converted into money and held by her sons, Frank Elliott and J. Weir Elliott, and same to be held by them as trustees until such conversion. When property has been so converted, said trustees shall divide and distribute same as follows:

One-fifth part to son, Frank Elliott.

One-fifth part to son, J. Weir Elliott.

One-fifth part to son, Henry Elliott.

One-fifth part to daughter, Mrs. Anna Ramsey Divine.

One-fifth part to grandchildren, Edward R. Elliott and Anna Bell Elliott, to be equally divided between them.

The instrument bears date of Oct. 28, 1901, and Frank Elliott and J. Weir Elliott are named as executors. The witnesses are Robert N. Hockenhull and Charles A. Johnson.

### ANNOUNCEMENTS.

**FOR SHERIFF.**  
 I hereby announce myself as a candidate for the Republican nomination for the office of sheriff, subject to the approval of the Republicans at the primaries and in convention.

CHARLES D. GRAFF.

**FOR COUNTY CLERK.**  
 I hereby announce myself a candidate for the nomination for the office of county clerk, subject to the decision of the Republican voters in primaries and convention.

JAMES S. MERRILL.

**FOR COUNTY JUDGE.**  
 I hereby announce my candidacy for the office of county judge of Morgan county, subject to the decision of the Republican voters at the primary election, to be held April 28, 1906, and the convention following.

W. M. MORRISSEY.

**FOR SUPERINTENDENT OF SCHOOLS.**  
 I hereby announce myself a candidate for the office of county superintendent of schools of Morgan county, subject to the decision of the Republican voters at the primary election to be held April 28, 1906.

M. L. TEST.

**FOR ASSESSOR AND TREASURER.**  
 I hereby announce myself a candidate for the nomination for the office of assessor and treasurer of Morgan county, Illinois, subject to the decision of the Republican voters at the primary election.

J. W. McALLISTER, JR.

### SOME BIBLE FACTS.

A prisoner who was condemned to solitary confinement for life, obtained a copy of the Bible, and ascertained the following facts, which are not uninteresting: The Bible contains 3,586,189 letters, 773,692 words, 31,173 verses, 1,189 chapters and 66 books. The word "and" occurs 46,277 times; the word "Lord" occurs 1,855 times; the word "reverend" occurs but once, which is in the ninth verse of the 11th Psalm. The middle verse is the eighth verse of the 118th Psalm. The 21st verse of the 7th chapter of Ezra contains all the letters in the Alphabet except the letter J. The finest chapter to read is the 26th chapter of Acts of the Apostles. The 19th chapter of 11 Kings and the 37th chapter of Isaiah are alike. The longest verse is the ninth verse of the 5th chapter of Esther. The shortest verse is the 35th verse of the 11th chapter of St. John. The 8th, 15th, 21st and 31st verses of the 107th Psalm are alike. All the verses of the 136th Psalm and alike. There are no words or names of more than six syllables.

Bargain matinee at the Grand tomorrow, "Camille."

### LEGISLATING FOR CHEAP GOOD ROADS.

The split-log road drag has received significant endorsement says the Breckers' Gazette. A bill recently was introduced into the lower house of the Iowa general assembly authorizing and directing the trustees or supervisors of roads in each township of that state to have the public roads under their control worked with the drag. Under the proposed law the drag must be used not less than ten times for each mile of road during any one year, the cost not to exceed fifty cents per mile for each time dragged. In securing labor preference shall be given to the person near and adjacent to the public highways throughout the different townships.

We understand there is no opposition to the bill. It is fortunate that provision is made for the immediate operation of the law. The good results sure to follow its adoption will therefore be enjoyed by the Iowa public during the current year. Two or three sweeps of a well made drag will effect marked betterment of ordinary dirt roads, especially in clayey and deep black gumbo soils, and if the number of draggings be increased to ten, as provided in Representative Bailey's bill, the road using public of the Hawkeye state may confidently expect a striking improvement in their highways that will mean money saved and satisfaction gained. A mile of road can be dragged in a short time. At the outset it may require twice the time that will be consumed after the preliminary work has been done. With a lively team, an effective drag and a little hustling on the part of the driver, the job ought to be turned in a couple of hours. Considering the nature of the work, its relation to the community in which it is performed, the proposed compensation of fifty cents per mile for each dragging seems reasonably liberal. This would mean \$5.00 per mile annually. That makes a cheap road, and yet the price seems fair enough, especially after the first three or four operations of the drag. It is proper that the bill should call for a "split log or other road drag." Logs suitable for drags are scarce in many places, and no one should be deterred from making a drag because he has not a log. This is a bugbear. The log is all right; so is good heavy lumber. It makes little if any difference whether the drag be made of a log or sawed timber. The philosophy of the whole dragging proposition lies not in the type or special construction of the drag, but wholly in the frequency with which the device is used at the proper time, which is shortly after each soaking rain. If Iowa should enact the road drag bill the work done under its provisions will be watched with keen interest throughout the corn belt.

### SCHEDULE SET

**Kitty League Season Opens May 3d—First Game Here May 12th—Work on Diamond at West Side Park to Begin Soon**

The schedule has been set, and now the fans will await the opening of the season with keen anticipations. The season opens May 3, and closes Sept. 9. The first game in this city will be May 12, at which time Mattoon comes here for a series of three games, and closes Sept. 9, when Danville will meet the locals. Jacksonville gets eleven Sunday games as follows:

Mattoon, May 13 and June 10; Vincennes, June 17, July 15, Aug. 19; Cairo, July 22, Aug. 26; Paducah, June 24, Sept. 2; Danville, May 27, Sept. 9.

The schedule for the coming season of the Kitty league was prepared by a Cairo man, and was one of twelve submitted. A prize of \$25.00 was offered for the schedule adopted, and the one finally decided upon is said to be manifestly fair to all, although there was considerable discussion at the meeting. Manager Belt has returned from the meeting of the committee held at Centralia Sunday, and is entirely satisfied with the deal that Jacksonville has been given. She was offered the Labor Day game but Belt preferred to exchange for a Sunday game, as the receipts of the holiday games are pooled. A number of Saturday games to be played here are also considered as favorable, on account of the number of working men, cigar makers, factory hands and others, who have no other afternoon during the week. There is also a strong bunch of fans in the surrounding territory who would prefer Saturday games to others. Taken all together the schedule is a fair one.

When it comes to the question of mileage, Jacksonville has the worst of it, although the difference is so slight as to be hardly noticeable. Jacksonville covers 4,192 miles, Danville 4,184, Vincennes 4,164, and Paducah, Ky., the least, 3,816 miles. It is said that the greatest distance is less than the greatest for the Three "I" league. Work upon the diamond at West Side park will be commenced soon, and considerable grading is to be done. The grand stand is also to be rebuilt, and it is probable that the lay out will be completely changed. When the season finally opens everything will be in shape for a successful season.

The following is the complete schedule as adopted by the committee:

Mattoon plays at Paducah, Jacksonville at Cairo, and Danville at Vincennes, on the following dates: May 3, 4, 5; June 2, 3, 4; July 3, 4, 4; Aug. 2, 3, 4, 5.

Mattoon plays at Cairo, Jacksonville at Paducah and Vincennes at Danville, May 6, 7, 8; June 5, 6, 7; July 5, 6, 7; Aug. 6, 7, 8 and 9.

Vincennes plays at Cairo, Danville at Paducah and Jacksonville at Mattoon on May 9, 10, 11; June 8, 9; July 8, 9, 10; Aug. 10, 11, 12, 13.

Danville at Cairo, Vincennes at Paducah and Mattoon at Jacksonville, May 12, 13, 14; June 10, 11, 12, 13; July 11, 12, 13; Aug. 11, 12, 13, 14.

Cairo at Paducah, Vincennes at Jacksonville and Danville at Mattoon, May 15, 16, 17; June 11, 12, 13, 14; July 11, 12, 13, 14; Aug. 18, 19, 20, 21.

Paducah at Cairo, Mattoon at Danville, Jacksonville at Vincennes, May 18, 19, 20; June 18, 19; July 17, 18, 19; Aug. 22, 23, 24, 25.

Cairo at Jacksonville, Paducah at Danville, Mattoon at Vincennes, May 21, 22, 23; June 20, 21, 22; July 20, 21, 22; Aug. 26, 27, 28, 29.

Cairo plays at Danville, Paducah at Jacksonville and Vincennes at Mattoon, May 24, 25, 26; June 23, 24, 25; July 23, 24, 25; Aug. 30, 31; Sept. 1, 2.

Cairo at Mattoon, Paducah at Vincennes and Danville at Jacksonville, May 27, 28, 29; June 26, 27, 28; July 26, 27, 28; Sept. 6, 7, 8, 9.

Cairo at Vincennes, Paducah at Mat-

**HORSE RAN AWAY.**  
 Excitement was caused on the square Monday afternoon about 1 o'clock by a run-away horse which paraded three-quarters of the square at a gallop, with shafts attached, doing a beautiful fall, slide and rise stunt in front of Cassell Bros., presumably for the benefit of the baseball habitués of this popular establishment.

I was a typical "slide, Kelly, slide" performance. The animal got up and continued the mad race down South Sandy street. It developed that the driver of one of the Spot Cash market wagons was engaged at the Woods & Young livery barn in changing the shafts, with the animal hitched to them, from the wagon to a sled, when the horse became frightened and broke for freedom. In less than half an hour the animal was caught and was led back to the barn steaming hot from its mad run.

### City and County

Sam Coultas has returned from a visit in Peoria.

Miss Mae Sawyer, of Springfield, is visiting in the city.

Miss Minnie Thompson, of Chapin, was a guest yesterday of Mrs. John Spears.

Judge Charles A. Barnes expects to leave this morning for a visit at Hot Springs, Ark.

Mrs. Martha Sanders Smith, of Concord, is visiting for a few days with Mrs. B. F. Wooster.

The meeting of the Woman's Missionary society of State Street church is postponed until Tuesday, March 20.

Robert and Hugh McQuade, of Carlyle, are visiting at the home of Richard McGowan on East Morgan street.

John D. Brennan of Cole & Woodbury, Boston, organ builders, arrived in the city yesterday and began rebuilding the organ for the new Christian church.

The Pubit circle, of Christian church will have their birthday party with Mrs. F. J. Andrews on West College avenue Wednesday afternoon at 2:30 o'clock.

William G. Benson went to Pittsfield Monday to look after the work of frosting two churches for which he has the contract.

Mrs. O. C. Phinney, of Taylorville, who is a guest of Mrs. D. H. Shewbury on Prospect street, and Miss Lottie Shewbury, have returned from a visit with friends and relatives in Arenzville and Beardstown.

Friends of Mrs. Ellen Ramsey, who is now in Hopkinsville, Ky., will be pleased to know that she has so far recovered from her recent illness as to be able to about her room and her complete restoration to health seems only a matter of a few weeks.

John Spears, who has been employed with the W. S. Cannon Commission Co. during the past five years as foreman, has resigned with that firm and will take a similar position with Swift & Co., who will open their poultry department this week.

One fare plus 25c for round trip to Louisville, Ky., March 15 to 18 inclusive, account meeting of American Bowling congress March 17 to 27. Call at C. B. & Q. ticket office for your tickets.

### DEATH RECORD

#### LATHROP.

Relatives in this city have received the sad intelligence of the death in Springfield, Mass., of John Kibbe Lathrop, who passed away Sunday evening at 4:10 o'clock. He had suffered severely for the past three weeks of acute kidney trouble, with which he was seized less than a month ago. Up to that time he had been apparently in good health.

Mr. Lathrop will be remembered by many of his old friends here. He left Jacksonville in 1874, and was married the following year at Springfield, Mass., to Miss Emma Leavitt. He made his home in the Massachusetts city to the time of his death, and three grown sons, his wife having died twenty-three years ago.

The decedent was a man of pleasant disposition, and easily won and held friends wherever he went. During the great civil conflict he volunteered for service on a hospital boat on the Mississippi, and served faithfully in this labor of love for several weeks. His memory will be warmly cherished by a host of friends who were broken by the present March snow storm.

Besides his sons, Mr. Lathrop leaves two sisters, Mrs. Charles H. Ward, of this city, and Mrs. Henry C. Branson, of Ottawa, Kas. His brother, Edward Lathrop, of Chicago, preceded him in death eleven weeks and four days.

The funeral will be held in Springfield, Mass.

#### REXROAT.

Ross Rexroat died at Passavant

hospital Monday night of enlargement of the spleen, at the age of 26 years. He was formerly employed as a fireman at the State School for the Deaf, and resided at 329 North Clay avenue. He had been at the hospital for about three weeks.

The remains will be taken to Berdan Thursday for interment.

#### SPECIAL:

Mr. Ernest Gamble, basso-cantante; Miss Verna Page, violinist, and Mr. Sam Lamberson, pianist, at Westminster church, Thursday, Mar. 15, at 8:30 p. m. Admission 50c.

#### VETERAN FLORIST.

Joseph Heintz, the veteran seed man and florist, has returned from Peoria, where he attended the first annual meeting of the Illinois State Florists' association. He was honored by election to the office of vice president of the association. Mr. Heintz is one of the oldest florists now in business in the state and as such was greatly honored at the convention. While in Peoria he was the guest of his son, Albert.

### MARCH SNOW STORM

Frozen Flakes Cover Ground to Depth of Eight Inches—Snow Plows Put to Work Early by Mayor Davis.

#### GREAT PROPOSITION.

In Choice Morgan County Land

The Jerry Cox farm, seven miles southeast of Jacksonville, one and a half miles from Pisgah, three miles from Arnold and Orleans, 500 acres; 500 acres perfectly level; all but 120 acres in grass for over 40 years. Will be divided into tracts to suit purchasers. Possession to be given at once. The owner is here and determined to sell. A rare opportunity for choice land. Call at real estate office of F. L. Thirgove, over Dunlap, Russell & Co.'s bank.

#### ERNEST GAMBLE CONCERT.

Mr. Ernest Gamble, the basso-cantante, who appeared here in 1892, and again the following year, on both occasions to enthusiastic audiences, will appear at Westminster church Thursday night. Mr. Gamble, as is well known in Jacksonville, has a voice of remarkable range, power and quality, and it has been said that he is the best concert singer now appearing in America. In his company are Miss Verna Page, violinist, and Mr. Sam Lamberson, pianist, both artists of unusual ability and reputation. Miss Page has an especially clever technique and has everywhere thoroughly pleased her hearers. Mr. Lamberson is an artistic pianist, and his scholarly playing has aroused great enthusiasm among musical circles.

The opportunity of hearing this truly artistic concert is one that should be grasped by every lover of music in this vicinity. The price of admission has been reduced to fifty cents.

Ladies free ticket at the Grand again to night.

#### OBITUARY.

After two days' illness, with appendicitis Lawrence D. Green died Friday night at Brook hospital, Bloomington, death following an operation in the morning. He was the son of Mr. and Mrs. James Green, of 107 Stevenson street. The deceased was 13 years of age, having been born in White Oak, Ill., but spent his life in this city except the last five years. The last two years were spent in Bloomington. He has been a pupil at the Raymond and Edwards schools of Bloomington, and was popular with both teachers and playmates. Two brothers and sisters survive him, all of whom attended the funeral Sunday afternoon. His sister, Mrs. Barclay, lives in Chicago. Two brothers, James Green, of this city, and Arthur, of Bloomington. Rev. Jesse Danney conducted the funeral services at the residence Sunday afternoon. Some beautiful floral tributes were offered, coming as marks of love and esteem from his Sunday school class and teacher in the Lucretia Methodist church, and from the Sunday school as a body, from the public schools, from the employees of the gas company, where the father of the boy is employed, and from the grief-stricken family.

Lawrence Green was a member of the "Lucretia Workers," an organization of boys for the furtherance of the new church fund, who attended in a body. The remains were taken to Bluffs, where they were placed in their last resting place in Green cemetery, Monday.

#### SPECIAL:

Ernest Gamble Concert company, Westminster church, Thursday, Mar. 15, 8:30 p. m. Admission 50c.

#### BOARD OF UNDERWRITERS.

At a meeting of the local board of underwriters held Monday in the office of L. S. Doane, A. G. Burr resigned as treasurer and Edward Beck was elected to fill the vacancy.

## BEGIN TO USE OUR SHOES

It almost seems incredible the advances that have been made in the art of shoe making, from the primitive sandals to this season's latest models. When we stop to consider that so much depends on our feet and that two-thirds of our life is spent in our shoes, is it not important that we give them some consideration.

Hopper's pay particular attention to this very important consideration, every shoe has embodied in it some particular feature for comfort, they are selected for the particular needs of this community, they have merit, they are only from the most reliable houses. We make a particular study of your feet and make constant endeavors to satisfy your footwear wants to your entire satisfaction.

Trade where there is quantity, quality and price. That's Hopper's.

### Children's Foot-Form Shaped Shoes

Put children's feet in those foot-form shaped shoes, where they have room to breathe and grow and in later years they will not have the troubles of their feet. A new arrival, the best assortment we ever offered. Ask to see them, button and lace.

#### INDICATIONS.

Washington, March 12.—For Illinois: Snow Tuesday and Wednesday, with slowly rising temperature.

#### AT THE GRAND.

Rentrow's Comedy company, "The Jolly Pathfinders" opened a week's engagement at the Grand Monday night, before a large audience, presenting "From Sire to Son," a drama in four acts. The interpreting cast showed splendid ability and spoke their lines well. The plot was filled with startling situations and they were well brought out.

The specialties were very fine, notably the work of the Sutaros family in their wonders of the magic art. Their revelations in this line were truly marvelous and their work is of a high order. Their presentation is well worth the price of the evening's entertainment.

From the opening bill it would seem that local theatre patrons would be given an opportunity this week of seeing a first class stock company in a line of plays that will afford variety enough to suit the taste of all. New specialties are promised each night.

To night the bill will be "Lucretia Borgia."

Bargain matinee at the Grand to morrow, "Camille."

#### OPERATION SUCCESSFUL.

Word was received Monday that Arthur M. Masters had undergone a successful operation for appendicitis at St. Luke's hospital in Chicago, and that his condition was very satisfactory to his physicians. His many friends will certainly unite in wishing him a speedy restoration to health.

#### SPECIAL!

The Ernest Gamble Concert party at the Westminster church Thursday evening. Admission 50c.

#### LICENSED TO MARRY.

John T. Warren, Jacksonville; Viola Tuley, Jacksonville.

#### BRICKLAYERS' AND PLASTERERS' SUPPLIES

Lime, Sand, Cement, Metal and Wood Lath, Building Brick, Fire Brick, Crushed Rock and Other Material.

Thirty years ago D. E. Sweeney entered the employ of Messrs. J. S. & G. S. Russell, dealers in lumber and all kinds of builder's material and during that time he acquired a complete knowledge of that business and a valuable acquaintance with the trade of the place and the needs of the contractors of Jacksonville. Last May he started a business of his own at the intersection of Mauvaisterre street and the Wabash railroad, and since that time he has built up a fine trade in all kinds of bricklayers' and plasterers' supplies. He handles a full line of excellent sand, lime, cement, wood and metal lath, building and fire brick, crushed rock, and in fact anything that may be needed in the way of material by the trades mentioned. Mr. Sweeney is especially careful to select only the best of all the articles in his line and he will not knowingly have anything for sale which will not prove exactly as represented. His place of business is right alongside of the Wabash tracks, so that he has no extra cartage to pay on his goods and he has very small expenses, managing his business himself he has no expensive men to pay and no high toned establishment to maintain, consequently he can sell cheaper on that account. He invites contractors to call on him for bids and estimates for material of any kind in his line and in any quantity. He promises prompt attention to orders, early delivery and everything as represented.

#### BY SPECIAL ARRANGEMENT!

Ernest Gamble, America's greatest basso, at Westminster church, Thursday, Mar 15, at 8:30 p. m. Admission 50c.

## WAS PROBABLY OLDEST WOMAN

In State of Illinois—Mrs. Julia Armsted Died Monday Morning, Aged 106 Years—Came Here in Early Day—Survived by Daughter Over 80 Years of Age.

Mrs. Julia Armsted, probably the oldest woman in the state, died Monday morning at 10:50 o'clock, at the home of her daughter, Mrs. Charlotte Files, at 510 Marion street, at the age of 106 years.

Mrs. Armsted was born in Pulaski county, near Somerset, Ky., May 13, 1800 and was the property of a man named William Dunham. She was married in Kentucky to Caesar Cowan. She was the seventh of sixteen children, and her father, Frank McWhorter, came to Pike county, in this state, in 1835. Her father had previously bought his freedom, and after settling here, he proceeded to purchase his children, of whom Mrs. Armsted was the first to come to this state.

After she removed to this city, Mrs. Armsted kept at work at different places and finally married William Armsted. For many years she was a valued domestic in the home of the late Hon. L. I. Morrison.

Mrs. Armsted retained her faculties to a marked degree, and although the records of the older people among the colored race are necessarily inaccurate, those who knew the woman for years say that during war times she was an old and gray-haired woman, who looked to be at least 65 years of age. She was a member of the Baptist church for fifty years.

One daughter, Mrs. Charlotte Files, better known as Charlotte Cowan, survives, and is herself an interesting character. She was born in slavery, her father dying soon after her birth. Her early life was characterized by the same hardships which her mother suffered, she having been bought into freedom by an uncle. She is now about 80 years of age.

Funeral services will be held at the Mt. Emory Baptist church this morning at 11 o'clock, in charge of Rev. J. W. Kirk, and the remains will be taken to Hadley, Pike county, for interment.

#### GREAT PROPOSITION.

In Choice Morgan County Land

The Jerry Cox farm, seven miles southeast of Jacksonville, one and a half miles from Pisgah three miles from Arnold and Orleans. 560 acres; 500 acres perfectly level; all but 120 acres in grass for over forty years. Will be divided in to tracts to suit purchasers. Possession to be given at once. The owner is here and determined to sell. A rare opportunity for choice land. Call at real estate office of P. L. Hairgrove over Dunlap, Russell & Co.'s bank.

#### BARGAINS IN WALL PAPER.

Every Tuesday and Friday until further notice, W. G. Benson, in Benson block, South Sandy street, will offer special bargains in wall paper. Any person wishing first class goods at the most reasonable prices will do well to keep these dates in mind.

#### MATRIMONIAL

##### RAYHILL-HUTCHES

Friends in this city have received word of the marriage of Mabel B. Hutches to George E. Rayhill at Los Angeles, Cal., on Monday, March 5, at 8:30 p. m., by Rev. Mr. March 5, at 8:30 p. m., by Rev. Mr. that city.

The bride is well and favorably known in this city, having been with Trade Palace for the past two years. The groom is a son of Prof. J. H. Rayhill, of this city, and is employed as a bookkeeper in the Model meat market at Los Angeles.

#### In Society.

Mrs. Edwin Galbraith entertained a company of friends at supper Monday afternoon in honor of her sister, Mrs. D. M. Chennault, of Richmond, Ky. The decorations were very unique and green was the predominant color feature in the house adornment. The idea was prettily carried out with exquisite taste.

The honors were won by Mrs. Charles G. Rutledge, Mrs. J. O. Vosseller, Mrs. S. B. Stewart and Mrs. W. W. Gillham.

Delightful refreshments were served and the function was a most enjoyable social event.

Ladies free ticket at the Grand again to night.

#### THE BIRTH RECORD.

Born to Mr. and Mrs. Thad Eastman, of South Main street Friday, an eleven pound son.

Born to Mr. and Mrs. C. W. Tinsley, of Anna street, a son.

The annual meeting of the Woman's Missionary society of State Street Presbyterian church will be postponed one week.

## Some Reasons

There are many reasons why these Buck's ranges are the best in the world. Three of them are:

They are built from the very best of material by the very best of workmen.

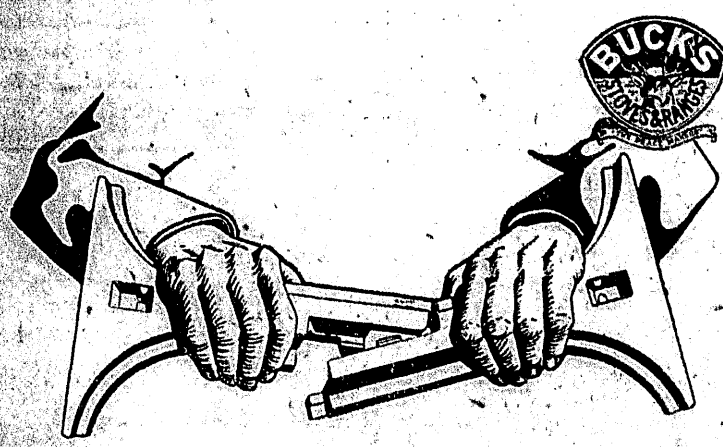

They are so constructed as to combine beauty with quick heating, fuel-saving qualities.

They have all the improvements and advantages found in other ranges and then some.

## Buck's Range Tops Heat Up Quickly

The lids, while strong and durable, are so thin that the mere heat of a match will affect them. A quickly heated stove lid means a quickly prepared meal.

## Buck's Range Tops are Always Level.

The long centers are made in two inter-locking pieces, instead of one. Room for expansion and contraction is allowed; warping of tops is impossible.
